### HAYWOOD IS OUT; TO TOUR COUNTRY FOR I. W. W. CAUSE

"Big Bill" Released From Leavenworth on Bond Today.

Gains Freedom Pending Appeal of Case to Higher Courts.

ORGANIZATION IS MISJUDGED

Didn't Oppose War, Not Guilty of Violence, He Says.

Will Appeal to Working Men—Start Campaign in East.

Leavenworth, Kan., July 28.—Planning an immediate return to Chicago to be followed later by a tour of the country, William D. Haywood, former secretary of the Industrial Workers of the World, was released from the federal prison here this morning upon the receipt of papers from Chicago showing approval of his bond, pending an appeal.

W. D. Haywood

Reasserting that he and ninety-two other I. W. W. had not been given a fair trial but expressing confidence that the higher courts would reverse the decision of the lower courts in his case, Haywood said he would appeal in his tour which is to begin in the east, to "the working men of the country."

Organization Misjudged, He Says.  
"Our organization has been misjudged," Haywood said. "We did not oppose war with Germany. It could not be avoided. While we believe war as a whole is unnecessary, the I. W. W. was in sympathy with America's cause, a fact that was proved by the entry of thousands of our members into military service and as workmen at the government shipyards and docks. We are opposed primarily to laws enacted since the war began. The espionage act is the wrong sort of legislation."

Declaring members of the I. W. W. were "better Americans than other citizens because we sympathize with honest foreigners and believe honest immigration should be encouraged," he added that the I. W. W. could foresee no dangers to American labor from "honest immigration."

"Never Resorted to Violence."  
"The I. W. W. is not responsible for the guilty of the violence credited to it," Haywood asserted. "We have never resorted to violence. We are the victims of a newspaper war." Francis Miller, one of the 92 I. W. W. who was also released and will go to Chicago.

### AFTER HUN TRADE

Five American "Drummers" Admitted Into Germany.

U. S. Army Headquarters Lets Them Proceed Into Interior.

(By the Associated Press)  
Coblenz, July 28.—Army headquarters yesterday gave permission for five American commercial travelers to proceed through the Coblenz headhead on business in the interior of Germany.

Opportunity for the re-opening of trade relations between the United States and Germany was thus definitely afforded, allowing American firms to compete with European houses in the German market.

Rob Kansas Mail Carrier.

Burlington, Kan., July 28.—Homer C. Cunningham, a deputy postman, was arrested by U. S. marshal here today at LeRoy on a charge of having held up R. H. Burdette, mail carrier, at the point of a revolver and relieved him of money, a watch, pocket knife and a few minor articles. The preliminary hearing was held before Justice Siderbery at LeRoy and the young men were bound over to district court. Failure to provide a \$500 bond caused the men to be remanded to jail.

Hog Cholera Breaks Out.

Newtown, July 28.—The first serious outbreak of hog cholera in this part of the state for several seasons is occurring in Burton township, Harvey county. The epidemic is assuming alarming proportions. One stock raiser lost twenty-two head of hogs from the disease, while another lost fourteen.

Killed on the U. S. S. Melville.  
Washington, July 28.—The names of five enlisted men killed by a boiler explosion on the U. S. S. Melville were: Claude Turner, Knoxville, Tenn.; Floyd Graham, R. F. D. No. 5, Knoxville, Mo.; John J. O'Grady, Brooklyn, N. Y.; Douglas H. Hamilton, Jasper, Tex.; Joseph Burt, El Paso, Tex. The dispatch said there were no other casualties.

### HE'S FOE OF U. S. DOHERTY IN A PLAN

William Gates, Archaeologist, Assails Carranza.

Says Wilson Was Misled by Hale-Steffens Report.

WORKING FOR LATIN CONTROL

Witness Says Mexican President Is Warring on Saxons.

Even Declares Carranza an Enemy to All Civilization.

Washington, July 28.—Misled in their investigation of conditions in Mexico, William Bayard Hale and Lincoln Steffens in turn misled President Wilson into believing that Carranza was the "people's champion," the house rules committee was told today by William Gates, an archaeologist of Baltimore. The committee is holding hearings on a resolution proposing investigation of the Mexican situation. Declaring that his opinions were based on a first-hand study of conditions when he toured Mexico in 1917 and 1918, Gates described Carranza as "an enemy of his own people," the United States second, and then all civilization. The Mexican president, the witness said, is more anti-Saxon than anti-American, hopes to set up the supremacy of the Latin races and desires to drive American and British capital from his country. The American people are not well informed of affairs in Mexico, the witness said, because American diplomats are able to talk only to Carranza representatives.

### IN THE PACIFIC

New Western Fleet Is Steaming for San Diego, Cal.

Big Dreadnaughts Successfully Passed Thru Canal.

On Board the U. S. S. New Mexico, Sunday, July 27.—(Wireless via Colon to the Associated Press)—The Pacific fleet, which passed successfully thru the Panama canal yesterday on its voyage from Hampton Roads to the west coast of the United States, sailed tonight from Panama for San Diego, Cal.

President Benito Porras of the republic of Panama with members of his family and staff, made an official call on Admiral Hugh Rodman, commander of the fleet, today. President Porras was given full presidential honors, including a salute of twenty-one guns. The fleet, today, President Porras was given full presidential honors, including a salute of twenty-one guns. ### NEARER 100 MARK

Mercury Stood at 93 at 2 This Afternoon.

No Relief Promised by Meteorologist Flora.

WEATHER FORECAST FOR KANSAS  
Generally fair and continued warm tonight and Tuesday.

TODAY'S TEMPERATURES.

7 o'clock, 79; 11 o'clock, 88; 2 o'clock, 90; 12 o'clock, 91; 3 o'clock, 91; 1 o'clock, 92; 10 o'clock, 86; 2 o'clock, 93.

Altho it looked as if the temperature would go to 100 or above this morning, Flora said at 2 o'clock this afternoon that it did not look then as if it would reach 100. He said it might reach 98 degrees, but would not reach the 100 mark today.

Get your arms wrapped around an old Sol is trying for a record today. He has had over 100 hits in the opinion of S. D. Flora, state meteorologist. Perhaps he may even beat his record of 105 established in 1910. Yet Kansas isn't in the tropical zone—oh, no!

The cool weather, the tingling rain drops, the breeze, the light clouds, would show up in the last 24 hours, didn't make the boat. There is a lot of technical dope—an area of low pressure has got itself together over the Gulf states—the Bermuda high pressure area has performed over Florida, Georgia and Alabama. It would take more than a gas attack, a flight of high explosives from a flock of 75's and 105's to break it up, but it looks as if it's going to be a blooming hot weather.

Sunday night was the hottest night this season. The temperature registered 75 degrees, or 10 degrees above normal. This was the actual temperature. A good breeze kept humans from feeling this so much, but thermometer didn't register here today. It went to 102 Sunday at Hanover. Sunday night, with a temperature of 66 degrees, Anthony registered the lowest temperature in the state. The heat is general from Colorado to the Atlantic ocean, says Flora. The air movement in Kansas has been better than in other places.

The winds are dry and hot, however, and unless rain comes soon the crop will be baked to a crisp. With all that hot stuff on your mind, think of Calgary, Canada, easing down to a temperature of 44 degrees in other places. The weather in the world but Flora says there is nothing to worry about.

NEGROES' BIG DAY

CELEBRATION TO BE HELD FOR  
RETURNED HEROES TUESDAY.

TRIUMPHANT PARADE DOWN KANSAS  
AVENUE PLANNED.

MAKE LAW A JOKE.

HOWEVER, IT IS FEARED IN MANY  
COUNTIES AND CITIES THE POLITICAL  
IMPEDIMENT OF PERSISTENT PROSECUTION  
OF STORES AND OTHERS, WILL MAKE  
THE ENFORCEMENT OF THE LAW A JOKE, THE SAME AS THE  
ENFORCEMENT OF THE PROHIBITION LAW IN THE  
EARLY DAYS. WITH THAT CONDITION TO  
FACE, PERSONAL PROSECUTION OF VIOLATORS  
OF THE ANTI-CIGARETTE LAW IS BEING  
PLANNED IN THE ATTORNEY GENERAL'S  
OFFICE.

"All state schools in Kansas have  
no business permitting students to  
smoke on the campus," said Miss  
Wooster today. "There are laws  
against this and it will be enforced  
during the coming school year."

Miss Wooster further declared that  
twenty school teachers, or rather col-  
lege teachers, charged with being vic-  
tims of the habit would either have  
to comply with the rules and regulations  
pertaining to the tobacco habit or look  
for work in some other state.

"The younger brother, the high  
school youth, always apes the older  
brother and nowadays the older  
brother is a soldier boy being from  
France who smokes cigarettes," said  
Miss Wooster. "Of course, the young-  
ster, who follows in his brother's  
footsteps, who is a soldier boy, is to  
the older brother didn't smoke the  
cigarettes until he had grown to man-  
hood and went into the army where  
the habit was nearly forced on him."

It was announced today that more  
than 100 negro soldiers from nearby  
towns will be in Topeka to take part  
in the parade and in the celebration  
at Garfield park.

At 4 o'clock in the afternoon a pic-  
nic supper will be served the soldiers  
by ladies of the Red Cross auxiliary.  
And after dinner cigars will be passed  
among the men by the Kansas legat-  
ion. In the evening Col. Charles  
Young of Camp Grant will be the prin-  
cipal speaker. Colonel Young is a  
negro colonel, is a graduate of West  
Point, and is the only man of his race  
to rise to a colonelcy in the American  
army.

It is especially asked that employers  
of negroes grant a half holiday to-  
morrow afternoon so that the wel-  
come home to the black fighting men  
may be as nearly unanimous as pos-  
sible.

Special souvenir programs for the  
celebration in honor of the men of the  
Ninety-second division have been pre-  
pared by the local office of the war  
camp community service. The pro-  
grams will be distributed at Garfield  
park.

New York, July 28.—Traveling  
eighty miles an hour, 2,000 feet in the  
air, Lieut. George Burgess, of the  
army aviation corps, and Miss Emily  
Schaefer, of Brooklyn, were married  
Saturday by wireless telephone. The  
ceremony was conducted by the Rev.  
Dr. Alexander Wouters from another  
airplane, piloted by Lieut. Eugene H.  
Hurricane, best man. The bridegroom  
below also had wireless telephone con-  
nection with the airplane.

Jess Got \$68,590; Rest to U. S.  
New York, July 28.—Taxes levied  
by the federal government on the  
\$100,000 which Jess Willard received  
when he lost the heavy weight box-  
ing title to Jack Dempsey, decreased  
the amount to \$68,590, according to  
figures announced here by E. J.  
Lynch, an internal revenue agent.  
Dempsey actually received \$23,970 of  
the \$27,500 called for in his contract,  
he added.
